CLERK U.S. DISTRICT COURT  
WESTERN DISTRICT OF TEXAS  
BY DAVID S. DEWITT

8/2 ①

The Honorable Judge Robert Pitman?

(7-8 weeks later, I have not spoken/heard from  
 counsel, he IS a good man - I trust him, but  
 I have no other contact for this than your honor)  
 Sir, I do not wish to tie up any

of your time that I'm sure is in  
 great demand, but I need help. Please  
 (Jeff Senter is no doubt very busy, and I will get w/ him:  
 I Am in solitary lockdown because of  
 others' (Mr. Tolland, etc-) actions and  
 threats, not my own doing. It is very  
 clear to me, now with a bit more  
 information, why I had the issues  
 I had at WACO and here. To be  
 very honest, it terrifies me.  
 They have no intention of letting  
 me out of confinement until

(2)

sentencing, that is obvious. I asked for local law enforcement to file a report against Mr. Tolland et al, but was refused the opportunity. I went to the USMS, was refused help and referred to you! The very comments and statements made/represented by Mr. Tolland in here, Waco, and Bishop to several people scare me. He openly bragged of his influence in my bond hearing my very arrest, the destruction of my family support was his FBI friend John Nobiles, even influencing my counsel and for their opinion of me and my innocence. All of this is

quite frightening from a fair trial perspective, but it was the solicitation of physical violence against me (while) seeking a possible outlet from influence in here BUT THERE to go after my wife and son. Rank has told me that, for my safety, I AM stuck in solitary. Obviously, 16 days of investigation later (LIPPI), threats were proven accurate and very, very real. I still have the migraines and vertigo that do not go away / lessen, WACO, after watching the video, almost killed me. It is a miracle I am

not be sad. And I thank God  
every day for that. You, too, your  
humor — for all the fairness  
and respect you have shown me.  
I Do NOT trust these people or  
the system, yet I have GREAT  
respect for you. I have, since day  
one, and have always tried to  
show it.

The comments and rhetoric, not  
to mention solicitations of "putting  
money on your books" to hurt/kill  
me, are one thing. The comments

(3)

About influencing events since day one (through his relationship w FBI agent Noble, Judge Lane, Charlotte & "Joe" etc) are ~~something~~ ~~all together~~ (I could have charged James Hollaway with several crimes - Justin Noble "why didn't you? According to Tolland?") - ~~FBI~~ (trial)  
 There is NO presumption of

innocence with you, Mr. Yangblod.  
 You are the worst person to ever set foot in my court." That is an EXACT quote from Judge Lane at my bond hearing, essentially giving me no chance to defend myself / save my family.

6  
I could have sought counsel that  
understand white collar (you may  
or may not believe me - but I  
swear to Christ I DID NOT commit  
these crimes, I was very clear in  
the other letter what I thought  
I was being picked up for, having de-  
fended myself in fear of my life w/  
extreme force.) I lost my home,  
my dogs were euthanized, my fish  
"thrown out". May sound foolish to  
you, but NOT to me. My uncle  
gave me my love of animals, and  
no doubt he is looking down upon  
me in shame. Animals CAN NOT

help themselves. They needed me — my wife was terrified, I'm told via Mr Tolland's words, that she was to be charged and long ago abandoned me. I am on my own.

We can debate my direct ties another time, but I assure you I saw my share of violence in the middle East (look at my left hand, legs, left shoulder for proof) but I never forget one thing the Pashtun said about commitment — Lokhay Warkawal Give All, the put, protection, unconditionally, until the end. Lokhay

(8)

My family forgot this. I have  
not. Point being — I worry a  
great deal in here, with no way  
to protect them about their safety.  
11742 calls (check), 681 letters (check  
to attempt to have (that I pray get  
forwarded to wherever my wife is)  
And NOT A single word, text,  
message, or visit. They say faith  
is belief in something we have  
no tangible proof of. well, 2  
things no one can say I lack —

④

I Am unconditionally loyal (It doesn't matter what others do, It matters what I do.) And my faith in Someday getting my family OACs drive me.

I Am NOT A good man, your honor. Good is a perception - good looking, good hair, etc. But I do try to do the right thing. I Am sorry for putting you, this court, even the USDA in this position to have to be up your time over me, but I swear to

(10)  
 Good, you are all being sold  
 A bill of goods by Eric James  
 And all his family / clock friends.  
 This was CYA for them when  
 I refused to help / play ball (people lied - Hank committed tax  
 fraud & I had already beaten he / his  
 brother in federal tax court for  
 a similar attempt to lie IRS  
 sided w/ me, against Ken Lee over  
 460,000 in "bad debt" that was  
 really Rolex watch purchases for his  
 reselling. (Verify it. - Steve Giorgione

 He specializes in professional poker

(11)

I had not seen or heard from Hank in 6 yrs, until he showed up 10/6/22 demanding I drop my challenge to the FTB and 125 over his squaw lies. money he paid me in '23, (including after I was caded which I told him about) were for money owed me for 2 watches previous, 2 taken 10/6/22, and ~~an~~ bill used w/out my consent; etc. There was no wire fraud. (Mami's messages even showed when played that the last 19800 was for the watches (final payment) he picked up for Hank!

(12)

Lane Holloway left town, changed his name, etc because he owed \$ to some very nasty people. (His father went through 100gaw plus on him not me, your honor. NOT me. He left a 400K a yr work at home AWS job overnight, came to my home @ 2 AM asking for 5000 to leave, and left state people (including police) were coming to his father's home daily looking for Lane. He borrowed from all his clock friends to bail out Lane, using what I had gone through 12 yrs ago AS A "great story." so he embellished Lane's story and told people I was helping Lane so why wouldn't they? Proof? \_

I mortgaged my home, (first)  
w/ the same people Gary Snider  
did — JACK. Read the contract;  
your house — Monies went to  
James Holloway!! not one penny to

me. JAMES told me it would take  
the 120K to solve Lane's issues  
and I tried to help. My wife was  
furious, because she had to sign too. This was  
never brought up (nor were a great  
many details, witnesses, papers, etc, which  
concerns me even more about MR.  
Tolland's "I've been told they'll go  
through the motions" comment.  
I NOW KNOW I SHOULD HAVE

switched Attorneys when you offered  
but I did not think/believe my  
health could handle a substantial  
delay, not to mention my logic/  
reasoning was/is not at its best  
after the WACO ASSAULT (Also tied  
to Mr Tollands talking to others about  
me/my case/my "having F--- over his good  
friend, etc.)

I digress — James Hollum saw  
that people felt bad for what I was  
going through — and what a  
great father he was to help  
him. He borrowed, and hid via

Cousin Judy" And sister in law  
Reta in Birmingham, Ala, millions,  
much more than you know, Then, having  
made no effort to hide what I went  
through 12 yrs ago and the homes  
being burnt down, (death of Robert  
mom) people helped James to pre-  
vent what had happened to me  
happening to him, He used my  
suffering / pain / loss And hid the \$  
in stones / gold bars that he shipped  
to his cousin and Alabama. (Chen  
7/7 /23 Fedex from Alabama where  
he was getting 100K from Reta -

Don't believe me? She pulled 100K<sup>(b)</sup>  
 from her bank (had the 90K @  
 home) There will be a record. Fedex  
 to West Point, Elgin TX James  
 Hollaway  
 etc etc etc

GARY Snider - 235K and bragged  
 about the \$ she, pulls cash and  
 takes it to James who deposits  
 (see cart exhibit) 235K in his  
 checking account in cash! CASH.  
 (James even stole from the clock  
 club trust account @ wells -  
 Gary had him removed, Check it  
 Gary's daughter worked for a  
 ... ..

All she had to do was tell the  
judge. I ~~wasn't~~ she didn't  
Gary had known Jay for 25  
yrs So did all the clock group  
I had seen most of these people  
1 or 2 times (X-mas party, Regional,  
etc) And they gave me millions  
of dollars? Please (Gary said he  
had already not been paid 130K  
for a previous transaction for a  
so called coin." Yet you gave  
another 23K "because Lane's  
daughter was in trouble? After  
losing 130K? what does that have to  
do w/me?

James used Gary, who coerced for James (He loaned 4800 (see well's check) to James July 4th week for his 2400 rent that was never paid (Gary told me this when he came by to work me 7/4 @ my home - see video Adt. His jeep in my front of house) James also borrowed the same 4800 from 2 other groups for the same story, laughing, Once an older woman in Buda Area, the other a gay couple from the clock group (I did not know them, but was told they were and clock collectors, I th I met the husband once at a show but I'm not sure. Nice guy, very

smart. Seemed well educated on grand  
father clocks. Johnathon, I believe, was  
his name. Point is, he pulled the  
scam  $3 \times (4800 \times 3 = 14400)$  for a ~~\$24~~  
\$2400 rent he never paid. Forget  
the point. He was very slick.  
Enc told me James once said the  
following — "What's the difference be-  
tween a salesman, a con man, a  
scam artist, and a chiseler?"

"A Salesman has a business card.

A con man leaves when he wants to.

A scam artist leaves because he has to

A chiseler never stops.

As far as Enc, everyone knew he  
was having \$1 troubles. I had let him  
borrow my flag to show to a buyer  
(I did not lie — I have a Chinese

Friend who offered ALST for it @  
 and I passed, Jeff, whom I may still  
 owe 1200 to, like I said, but the  
 6300 paid is still mine, lost track of  
 the market in Asia for certain items  
 He is wrong, Period. Maybe not here, but  
 there, certainly. I never borrowed unit or  
 gave it away, 17 checks for 700K  
 to James, 2 checks for very spe-  
 cific sales items (in evidence) for  
 transactions signed by Eric and I  
 and half a Fedex w/ no name the  
 supposedly contained a check (to J.A.)  
~~I did NOT do business with Eric, LAKE and JAMES did~~  
~~And I'm going to prison for we ran~~  
 JASON YORK? I had dinner at his home  
 7/16/23, Two days later he goes to Justin  
 Noble and in the devil. After I called him  
 out about faking 160K from his brother,  
 LAWS (Naezme's brother) / mentally retarded  
 gentleman

Literally. Right After (that night)  
I had dropped off A year or so  
4 Grand Baroque sterling sets that  
were never returned to me. I asked  
for them back (I needed \$  
after having my house raided.  
(James Hollaway went from A CO  
suspect to A "victim" in A 5  
minute conversation w/ John Noble,  
As told by Mr. Steve Tolland to  
inmates here. (They knew everything  
about my case. Everything. All about  
my Jalisco problems 12 yrs ago, for  
AND my son's situation. All of it  
How? obviously he gave dangerous info  
to people tied to Jalisco, here AND  
in Barchon and wasco -

Eric Perardi has a reputation, which  
 is why I pulled my son (yonger  
 from his hockey program. I do not  
 want to be associated w/ Lane /  
 James / he or his ex Rachel and  
 who they do business with. Polygraph  
 me on anything I said in this. I will

pass. I promise. Am I guilty of other inf-  
 actions? Yes. ARE I admit it. NOT IN THIS  
 I am only allowed so many pages in indige  
 mail (no one helps me in here) AND I'm sorry  
 so long. I just thought you might care how it  
 all tied together. Not one person gave me \$\$. I am innocent  
 \* I try to speak from the heart. I am sorry. I am. but  
 incarcerating me inhibits me from mak-  
 ing a living and starting over (no choice there  
 from nothing. I will pay whatever restitution  
 you order and serve whatever punishment you  
 decide. I have too much respect for you  
 to insult you w/ testimonials, mock letters, e  
 to want to make this right, between you and  
 the world. I JUST WANT TO WORK. -S

I close w (this, your  
honor.

(I split these into 2 envelopes  
for weight)

Please allow me, At 53 to  
find work, The longer im  
incarcerated, the greater the chance  
that will NOT happen. It will be  
hard enough; no family, no home,  
no \$, no friends (FBI scared  
away people I'd known 20 yrs)  
I want to make this right.  
I am trying. Will always try to  
NOT let you, myself, or God

down, I will not insult you  
w/ fake words or fake statements  
I did NOT commit wire fraud.  
I Am innocent, and have already  
paid with my health, my home, my  
family, my dogs, my fish, my livelihood,  
my \$, my reputation everything. I  
came very close to being killed / hurt  
badly on multiple occasions now  
I will pay EVERY penny restitution  
for a crime I did not commit and  
stay out of trouble. I will bust my  
tail to rebuild and help others.  
But I need the opportunity Please.  
Thankyou. *SP*
